## UACD Men Win NWAAD Championship

The Utah Athletic Club of the Deaf's men team won their 1st ever NWAAD Softball Championship in Sacramento by defeating California Navy 18-9 in 7 innings in a night game with bright night lights on July 10, 2004.

They dedicated the Championship Game to David Brown, who recently passed away on June 10, 2004 at his home in Gooding, Idaho. His great love was playing softball.

They had a record of 2 wins and 2 losses during the Round Robin round, changed the batting line-up and ended up with 5 straight wins and no losses in the Tournament to win the Championship.

The UACD Team members are: Matt Spurgeon (Coach), Justin Anderson, Nemo Szpakowski, Travis Zaremba, Mitch Moyers, Craig Radford, John Trocki, Steve Birkby, Cory Fletcher, Miguel Vasquez, Matt Snarr, and Richard Oscarson (Scorekeeper).

You can see the team pictures and awards at [www.uacdsports.org/sb](http://www.uacdsports.org/sb).

They need our help to support and help their fund-raising efforts so they can go to Australia. Please visit their websites at [www.uacdsports.org/nicole](http://www.uacdsports.org/nicole) and [www.uacdsports.org/shari](http://www.uacdsports.org/shari). ## President's Message

by Ron Nelson

My sweetheart, Kristi Mortensen, gave my written speech for me when she received the Knights of the Flying Fingers award at the recent NAD Conference on my behalf.

"Thank you for this great honor. When I look at the names of other people who have received or are receiving today the Knights of the Flying Fingers Award, I am humbled and honored to stand with these people who have accomplished so much and made a difference in the quality of our lives.

I have learned much and appreciate the members and board members of the Northwest Athletic Association of the Deaf and the Utah Association for the Deaf. I have been very fortunate to work with motivated and caring people who taught me to be unselfish and work for the benefit of everyone.

The 3 people who have shaped and molded me into what I am today is my sweetheart, Kristi Mortensen, and her parents, Dave and Shanna Mortensen. Without them, I would not be here today.

Thank you for this great honor. My work is not finished and I will not disappoint you."

Deja vu! Kristi also received the same award on behalf of Dave Mortensen at the NAD Conference in 1998. It's rare to have two of these awards in the same family.

See you on August 21 at the UAD Honors Night!

## Rattles 'n' Powder

 **July 10, 2004** - Jackson Wilding Cardon, baby son of Jenny Wilding Cardon and Brett Cardon of Kaysville. George Wilding of Roy is a proud grandpa.

## Wedding Bells

 **July 15, 2004** - Diane Barney to Diego Acosta, united for eternity and all time at the Mount Timpanogos LDS Temple. A reception followed at the Roy Central LDS Stake Center that evening. They honeymooned in Nevada before settling in Ogden.

## Mission Callings

Rebecca Davenport and Kilee Bennett left on July 7, 2004 for their LDS mission calling. Rebecca was assigned to the Oregon Portland mission and Kilee to the Washington Everett mission.

## Retirement

John O'Neill took an early retirement from Hill Air Force Base on July 2. The next day, he started working for a contractor at the same place. He had worked for the Defense Information System Agency for 23 years.

## Moving Out of Utah

Travis and Kass Tinker with their three small children moved to Rochester, New York, where Travis will pursue a degree at NTID/RIT. We wish them good luck and hope they will return back to beautiful Sego Lily State.

## 20 Years Ago

**August 1984** - NAD News: President of the National Association for the Deaf is now Larry Forestal of New Jersey. Vice president is Harvey Corson. President elect (to become president in 1986) is Larry Newman of California. Another Californian, Jack Levesque, won the job of secretary-treasurer. A former Utahn, Leon Curtis now represents Region IV (all

western states, Alaska and Hawaii). He lives in Washington State.

## Update to 20 years ago: July 1984

Josie Lutton wrote in, challenging what was printed in July 1984 issue of the UAD Bulletin, that she donated an electric wok cooking pan. Her recollection is that she donated a punch bowl with cups. Now the mystery is...who donated the electric wok cooking pan?

### Telecommunications Relay Specialist Hired

(continued from page 1)

She has many wonderful qualifications that will enhance our goal to provide outreach to the hearing population, the deaf, and the hard-of-hearing individuals in our state. One of her greatest assets is her deep concern for other people, no matter what their disability or personal challenges may be. Mary has the commitment to make the Utah equipment distribution program and outreach more accessible and user friendly for all citizens who qualify.

"I am so pleased that Mary has accepted the offer to work with the Public Service Commission," stated Julie Orchard, Administrator of the PSC. "She is a wonderful person and will add a whole new dimension to our program. She can easily relate to all individuals who use the services we provide. She has already demonstrated her enthusiasm about the program and has given us some wonderful ideas about possible methods of improving our efforts to reach our consumers."

Mary has been deaf in her left ear since she was 12 ½ years old because of a childhood illness. Her doctors predicted that her right ear hearing would remain intact without further complications and additional hearing loss. However, a few months after losing the hearing in her left ear, she also lost all hearing in her right ear. She didn't let that change slow her down in achieving her life goals. She continued to work hard in school and when she

graduated from high school, she attended Gallaudet University and majored in English. While at Gallaudet, she improved her American Sign Language skills, and received excellent preparation for many challenging opportunities ahead. After Gallaudet, she married a deaf man who mostly only used sign language and her ASL became wonderfully proficient. In 1999 she received a cochlear implant because of her great desire to hear an Irish tenor, Ronan Tynan, sing. As a result, Mary Beth has had hearing experience, deaf experience, and also hard-of-hearing experience, and she can relate easily to all three.

Mary has had many challenging job assignments thus far in her career. She trained extensively on computer Web Design and Database Management and has developed expertise in both which will help the Commission improve our Web Page. She has used and had experience with all different types of deaf and hard-of-hearing equipment, which will allow her to demonstrate and provide training, including use of the CapTel telephone. She has used the Utah Relay extensively and looks forward to evaluating the responses to the RFP that are due the end of July to determine the best provider for Utah's relay services. She is also excited about working with Penna Powers Brian Haynes, the Commission's advertising agency to spread the word about the services provided by the PSC to Utah citizens.

## Miss Deaf Utah's Report

by Ellen O'Hara

Bonjour! I am happy to say that I did my best in Miss Deaf America Pageant. I made new acquaintances. I am grateful to UAD and MDUP for allowing me to attend. I will always remember this experience for the rest of my life. The current Miss Deaf America used to be Miss Deaf South Dakota. Way to go, Midwest! I know that she will do a good job in being Miss Deaf America because she had experiences in public relations. She will make the Deaf community proud.

I also learned many things about NAD. It is a wonderful organization! It did many things for the Deaf nation. I hope we will recognize that and support them whenever they need our help. They do ask us to keep our local organization running and alive. That means we should keep our beloved UAD going and we, the Deaf citizens of Utah, should share our needs with UAD so they can serve us! Surely, we can support and give comfort to each other. We can be there for each other. We can succeed in many things if we are together and united.

### Miss Deaf Utah's Report

(continued from page 5)

As Frank Turk said, "TEAM is an acronym. T is for Together. E is for Everyone. A is for Achieve. M is for More. Together, Everyone Achieve More. I totally agree with Frank Turk. Keep that in your mind; you are not alone in this struggle. That is why the Deaf Center is for. It had every thing that the Deaf and Hard of Hearing people need: socializing, counseling, interpreter services, and etc.

I also want to say that I am looking forward to appear into schools or other places and support the children to be the best of themselves. I want to reach out to the Deaf/Hard of Hearing community. I can't do that if you don't ask for my appearances. I need you to ask and I will come.

### Ron Burdett Heads Extension Program in St. George

by Marilyn Call, SCCDHH Administrator  
I am pleased to announce that Ron Burdett has been hired as the new coordinator of services for deaf and hard of hearing individuals in St. George. He is a native

Utahn, but spent most of his professional life at Ohlone College in Fremont California. He recently retired as Dean

of Deaf Studies there and has now moved to Ivins in the St. George area. We feel very fortunate to have him and his wealth of experience to help expand services to the Southern Utah area. Welcome Ron!

### CODA in Mrs. Utah America Pageant

The daughter of Max and Donna May Hardy, Jeanette Goins, a skilled ASL teacher and interpreter, was crowned as Mrs. Utah America on July 17. She represented Sandy City. She will now represent Utah at the Mrs. America pageant in Palm Springs, California this September.

Jeanette said she would represent deaf awareness during her reign as Mrs. Utah America. She is fluent in American Sign Language and has been signing all of her life, because her mother and father are both deaf. She is a daughter of Max and Donna May Hardy of West Jordan.

"Deaf awareness is very important in our community," Goins said. "It doesn't matter what socio-economic status we come from, we will have either direct or indirect contact with a deaf person."

Contestants competed in swimsuit and evening gown competitions, each of which accounted for 25 percent of their total score. A judge's interview made up the remaining 50 percent.

### Word Out: New Access for Deaf

For Sorenson Media, hiring the deaf isn't just the socially enlightened thing to do. It has proved to be a decisive competitive advantage.

The Salt Lake City video compression and services company credits its 150 deaf employees -- nearly one-third of Sorenson Media's work force -- with more than 80 percent of its revenue in the past year.

The catalyst? The Sorenson VP-100, a paperback-sized videophone device that, hooked to a television and fast Internet connection, provides deaf clientele access to the company's Video Relay Service (VRS).

"It's been a great thing for us and for the deaf community as well," he said Tuesday. "We've developed a solution for the deaf that is proving quite popular. And rather than trying to use hearing employees . . . we utilize the deaf to go into their own community to install and train the deaf in using the technology."

Sorenson donates the VP-100 and router equipment, worth about \$250 per customer; so far, about 10,000 of the units have been given out.

*(continued from page 6)*

Pat Nola, chief operating officer, says that is a formula that has made Sorenson Media the nation's No. 1 provider of VRS services -- ahead of such giant competitors as Sprint and AT&T -- since launching the service 16 months ago.

It is a point recognized by Gov. Olene Walker's Committee on Employment of People with Disabilities, which honored Sorenson as its 2004 Golden Key Employer of the Year.
