## Hamilton Relay recognize Jodi Kinner

Jodi Becker Kinner was raised as an Air Force Brat and is proud of it! Her educational background includes oral education and mainstreamed settings. She graduated from Gallaudet University with both her Bachelor's degree and Master's degree in social work. Shortly after graduating in 2000, she obtained employment at Salt Lake Community College as a Disability Services Advisor and has been working there ever since. Outside of her work, she, as a parent of two deaf children, has been an advocate for deaf education in Utah. She served on the JMS Utah Deaf Education and Literacy, Inc for two years from 2003 – 2005 and the USDB Advisory Council since 2004. Additionally, she was involved in numerous educational committees, including the USDB Legislative Task Force. She just resigned from the Advisory Council to focus on her family. She will continue to advocate for JMS and the rights of deaf children in Utah. As a wife of Duane Kinner, Utah native, her dream came true when moving to Utah to be close to the mountains. Her children are Joshua and Danielle.

### **MELISSA STOCKTON WINS WORLD DEAF GOLF CHAMPIONSHIP**

From The Park Record

As play backed up around the turn, Melissa Stockton sat on the 10th hole tee box and began to contemplate her situation. With just nine holes left in the fourth and final round at the World Deaf Golf Championships in St. Andrews, Scotland. Stockton held the lead, "I started to feel the pressure." Stockton said in an e-mail to The Record. "My stomach was just twisted in knots." Nonetheless, the Park City resident fought through the mental cacophony to card a solid back nine, and media and onlookers watched as she sank her

final putt on the 18th hole to become the women's world champion.

### **SALT LAKE CITY EXPANDS REVERSE 911 SERVICE**

(ABC 4 News) Jessica Gail

In case of an emergency, it could be 911 dispatchers calling you, at least that's the goal behind the reverse 911 system in Salt Lake City.

Over the past 18 months, the city has worked to gather numbers which will be used to notify Salt Lake City residents of an emergency in their area. Now, in the wake of the Herriman fire, officials say there is no better time than now for residents to get their number registered.

"What will happen is they will receive a call with a recorded message from one of our dispatchers," said Dave Herriman, Technology Manager for the Salt Lake City Fire Department. "If residents would like, we can also send them an email or text message based on the information they provide us."

The city already has contact information for residents with landlines, but officials say with more and more people getting rid of their home phone, it is important to give updated contact information.

If you are a Salt Lake City resident and would like to register your information, go to <http://63.237.77.40/>
